

MEMORIALS

Cathy Sparks

The year of 2015 has seen a number of people working continuously on the Kneeler Project with the goal of completing within two years. Tom Evans has been the steam behind this project with his expertise. There is one canvas that is unsubscribed. We have received quite a few memorials in the past year and several options have been explored for the use of these funds.

In the Memorials' Designated Fund there is a balance of \$8679.39 and our undesignated fund contains \$10,476.82. A portion of the funds will be used for the for the completion of the kneelers.
