

**JR. WARDEN  
PROPERTY COMMITTEE  
Joellen Murphree**

This year we transitioned chairmanship of the Property Committee to the Junior Warden. These hard-working volunteers provide much needed and appreciated services behind the scenes. Members are Fred Cannon, Gus Staub, Andy Atkins, Betty Lee Marshall, Mark Harris, Ken Murphree, Ken Riskedahl and Stephen King. We do not have a budget, but do have a line item in the general budget for routine repair and maintenance. You should be aware that even with donated labor, we are over budget in 2013. The ECW generously donated the funds to replace the combination lock on the Madison side door. I am sure many of you missed it during the months it was broken.

While not on the Property Committee, Amanda Foster donated her labor for the painting in Coffee Alley, adding the chair rails, mounting the stainless panel and repairing the missing brick on the sign on Jefferson.

The Property Committee and Landscape Committee held a joint workday in the fall to power wash the concrete areas and put out pine straw. Wayne Averett and Mark Harris installed bird spikes to prevent nesting in the porch areas. Mark and Beth Harris repaired the choir chair and chapel kneelers. All of the black iron work was repainted. The back lot was cleared (mostly thanks to Landscape Services) and the large downed tree removed. Betty Lee Marshall and I moved the flower guild closet and I cleaned out the sexton's closet and the mezzanine for the Parish Hall ceiling/roof repair. Dee Streit made a rack to be placed in the Chapel for display of past year's Paschal candles and Fred Cannon mounted it.

Otherwise, I coordinated ongoing repair and maintenance with the help of the Office staff.

Thank you to all who donated time and talent.
