

COLLEGE CARE BOXES

Virginia Chambers

Each of our All Saints' college students received a small box containing little fun things, gum, and candies and a card wishing them well for their upcoming exams. We sent out boxes on April 24th and again on December 4th for the 2018 year. We received help from ECW for the December boxes both in items for the box, money to mail, and assembling the boxes for mailing.

The May boxes cost \$85.30 which was covered by donations from the congregation totaling \$85.30.

The December boxes cost \$73.21. There was \$40 donated from the Parish and the remainder was reimbursed from ECW totaling \$33.21

Our goal is to get more participation in this project as a committee possibly through ECW. The Office has done a great job with making announcements regarding the need for names of students, receiving the information to pass on to us, and making address labels for the boxes. We thank them for their assistance.

This is a small project that takes about 6 weeks to accumulate the items, names, and get the boxes out in time before exams start. We have gotten feedback from the students through their parents letting us know that being remembered meant a lot.
